Ask for questions, then feedback.

Suggested prompt: “From these notes, ask three questions. Wait for my answers before giving feedback.”

Check answers against your source.

Compare explanations with your notes or textbook.
The exercise can support practice; generated
answers can still be wrong.

Verify

Cross-check with your
own notes or textbook.

Learn

Compare different explanations
to deepen understanding.

Stay in control

Use AI as a study aid
and think critically.
